

Occupational Safety and Health Services

Compliance Solution LLC provides comprehensive consulting services to help employers of various sizes as well as local governments to comply with the Occupational Safety and Health Administration (OSHA) regulations. By complying with the OSHA regulations, employers can reduce work related illnesses, injuries as well as accidents. Worker's compensation costs can be reduced. We have former State Compliance officer as well as Certified Industrial Hygienist and Certified Safety Professional on staff. Some of the services we offer are:

- ❑ Risk assessments.
- ❑ Compliance audits to be ready for a real OSHA inspection.
- ❑ Industrial hygiene surveys for Air Contaminants and Noise.
- ❑ Indoor Air Quality Investigations.
- ❑ Mold Investigations.
- ❑ Preparation and Implementation of Safety Programs.
- ❑ Evaluation and Design of Safety Related Engineering Controls e.g. industrial ventilation, machinery guarding and fire prevention.
- ❑ Safety and Health Training.
- ❑ Litigation Assistance. E.g. OSHA liaison, expert witness and penalty negotiation.
